The Ongoing Charges Figure (OCF) for the Couriers Ethical Value Equity Fund (EVE) reflects all the costs involved with managing the fund. The EVE fund is relatively new and has incurred one off costs as part of the set-up which won't be incurred again. The overall OCF should decrease over time as the fund increases in value and the fixed costs are diluted.

#### Important Information

This fund is a sub-fund of the Courtiers UCITS Investment Funds ICVC, which is authorised in the United Kingdom and regulated by the Financial Conduct Authority. The fund is managed by Courtiers Asset Management Limited.

This communication is not intended to recommend the investment referred to. If you are at all unsure whether this investment is suitable for your circumstances, please seek advice from your financial adviser.

Please remember that past performance is not a reliable indicator of future returns. The value of your investment and any income you take from it may fall as well as rise and is not guaranteed. You might get back less than you invest. For full details of the fund's risks, please refer to the fund's Prospectus.

The source of the performance data and charts contained within this document is Morningstar Direct. All data is correct as at the date shown at the top of this factsheet, unless otherwise stated.

Past performance figures are in pounds sterling, and are based on the net asset value (NAV) of the fund. They are also calculated on the basis that any distributable income of the fund is reinvested, and are net of all charges.

Before making any decisions to invest, please refer to the relevant Key Investor Information Document, the Supplementary Information Document and the latest Prospectus. These documents can be downloaded from the Fund Literature section of our website at www.courtiers.co.uk, or you can obtain them free of charge by contacting Courtiers Asset Management Limited.
